A MESSAGE FROM OUR CEO

Javaid Siddiqi

Assalaamu Alaykum

(peace be on to you),

The year 2020 will go down in history as one of the most challenging times the world has faced in recent memory. The unprecedented events of 2020 have tested the resiliency of mankind in so many ways. Thousands lost their lives while millions lost their livelihoods and faced food insecurity. During this pandemic, we also witnessed the unwavering spirit of our donors who rushed to aid the helpless. This noble and selfless quality was praised by Allah (ﷻ) in the Quran [59:9] as being the ones who prefer others above themselves. We saw the quality of helping others for the pleasure of God on display in these trying times. This gives us hope in the mercy of Allah (ﷻ), as our beloved Prophet (ﷺ) promised Allah's help for all those who continue to serve their brothers. Humanity is in dire need of Allah's help in these extremely difficult times.

The year 2020 was a trial on so many fronts, yet it provided humanity with amazing opportunities. Ramadan 2020 proved to be the most challenging Ramadan for all Muslims who were forced to spend this spiritual month in isolation at home away from their masjid, family and community. This challenge provided Muslim charities and nonprofits with opportunities for establishing their online presence in new and innovative ways. We saw the creativity and explosion of online programming and virtual events. Social media, virtual fundraisers and online meetings on Zoom became the new norm. The challenge was how to effectively reach donors and the community in this new space. This allowed many charities to evaluate their operations (fundraising, marketing and programs). We found innovative ways to connect with one another, with our donors and beneficiaries. We saw the true manifestation of the words of Allah (ﷻ) – *"Indeed there is ease with hardship"* [94:5]

At Helping Hand, we realized this is as an opportunity for us to focus on our internal professional development, deployment of new tools and technologies and building relationships with our donors and beneficiaries. We have expanded our programs and found new ways to serve our beneficiaries. This was an opportunity for "capacity building" and planning for the future. I strongly feel that once the pandemic is over, the Muslim charity sector will emerge stronger and capable to serve more effectively Insha'Allah.

I want to take this opportunity and thank you for being our partner on this journey to make the world a better place. I hope you will find the *2020 Impact Report* as a "score card" for what we have been able to accomplish together, Alhamdullilah.

Sincerely,

Javaid Siddiqi

CEO, Helping Hand for Relief and Development

PROGRAMS

- Empowering Lives
- Creating Opportunities
- Strengthening the Bond of Humanity

Orphan Support Program:

HHRD sponsored children receive subsistence, educational support, health care and nutrition, social uplift activities, and fulfillment of their protection rights. Sponsoring donors receive educational progress reports, medical reports and the opportunity to correspond with their orphan(s) upon request.

Children with Disabilities Program:

Disabled children worldwide are at a disadvantage without access to facilities and healthcare to properly address their disability. This program aims to highlight the plight of children with special needs and bring them to the forefront through inclusive education and social participation. This is done through health and rehabilitation, learning assistance, food substance and nutrition support, and engagement with primary caregivers and stakeholders. Sponsored disabled children come from the 5 major districts of Pakistan which include: Mansehra, Lower Dir, Chakwal, Nawabshah, & Quetta.

HHRD WORLDWIDE PROGRAMS:

An Integrated Approach

Health Care and Nutrition Program:

The lower one's socio-economic status, the higher the risk of poor health. HHRD has partnered with WHO and other agencies, to provide much needed medical services through our programs which include Mother-Child Health Centers, Mobile Medical Units/Ambulance Services, Cataract Eye Surgeries, Medical Trainings and support of Government Health Facilities in various countries in Africa, Bangladesh, Jordan, Nepal, and Pakistan.

Education Support Program

Education is a lifeline for children in crises; for children in emergencies, education is about more than the right to learn. When children are educated, the entire community benefits.

This program helps communities through scholarship programs, and supporting children by providing school supplies, stipends, tutoring lessons and home visits. HHRD offers this service in Bangladesh, India, Kenya, Jordan, Lebanon, Pakistan, Somalia, and Uganda

In-Kind Gifts Program

Different from monetary donations, in-kind gifts are donated goods and services, valued at fair market prices determined by the donor. HHRD teams ensure these items are valued reasonably. This program has saved and enhanced thousands of lives by connecting resources with people's needs across the globe. Regular in-kind shipments provide urgently needed aid to hospital, clinics, schools and civilians in war-torn countries. We strive to maintain beneficiary dignity and respect, by sending ONLY quality in-kind gifts.

Water For Life, Sanitation and Hygiene Program:

HHRD's water and sanitation programs help people gain access to clean water for daily consumption and irrigation purposes through the construction and rehabilitation of water supply schemes. Water for Life is tailored towards supporting the poor, the drought-affected, displaced people, and host communities by providing access to clean drinking water through the construction of shallow wells. Through our Water Sanitation and Hygiene program, the distribution of soaps and hygiene kits in areas of natural disasters, such as floods and earthquakes, help combat the spread of water-borne diseases. Children are taught hygiene skills and are given proper instruction on how they can keep themselves healthy.

Skills Development and Livelihood Program:

HHRD offers families a means to sufficiency through Skills Development trainings for those drowning in poverty. This program aims at imparting training to those in need, allowing them to stand on their own feet, and become financially stable. It empowers them to take charge of their own lives with dignity and determination. HHRD currently provides training in 6 countries at Skills Development Centers set out to organize artisans, assist in developing products, improve product quality, and then market these products.

Infrastructure Development Program:

Many families across the globe are suffering homelessness because of poverty, natural and man-made disasters, resulting in displacement. Based on our resources, capacity, and reach, HHRD endeavors to gift reasonable shelter homes to the most vulnerable, like widows, orphans, the elderly, refugees, and the calamity stricken. HHRD provides shelter homes for the Rohingya in Bangladesh, caravan homes for Syrian families in Jordan and home improvements for Palestinian families in Jordan.

Youth Empowerment Program:

To foster a new wave of humanitarians, social activists and philanthropists, HHRD provides immersion and internship opportunities to youth from across the country. HHRD has 4 major programs that allow youth "behind-the-scenes" access to field experiences showcasing the true nature of humanitarian work with internships and humanitarian relief trips.

Seasonal Program:

This global program allows families facing hardship the opportunity to enjoy the celebrations of Eid-ul-Fitr and Eid-ul-Adha. Through Ramadan food packages, gifts on Eid-ul-Fitr and meat on Eid-ul-Adha, these holidays become a bit more special. Moreover, families in need are provided warm clothing and supplies from HHRD's Winter Provisions Program and are provided nourishing meals through the Aqeeqah program.

Matching Gift Program:

An easy way to double your valuable contribution is through employee giving programs. Many corporations match employee donations to our organization so we can double the amount of help we offer those in need. If you volunteer with us, your employer may also provide us with a grant as a way to recognize your ongoing support. Companies prefer transparency, so matching donation requests must be initiated by the donor/volunteer. You can do this by completing a donation match form provided by your employer, or through an electronic submission process.
